

Super Heroes from long wooden Ice Lolly Sticks

Use long wooden ice lolly sticks for the body and the head and decorate them as super heroes with card, googly eyes and glitter glue.

Cut out a cape, a collar and a mask from card using the template available as a PDF file on this page – or cut out using your imagination. Glue the cut-out parts onto a long wooden ice lolly stick using a glue stick.

Add cut-out eyes or googly eyes and decorate the cape etc. with glitter glue.
