Christmas Gift Wrapping with a Paper Fan and a Paper Rosette

Use wrapping paper for making creative decorations for your Christmas gift wrapping. Here are two ideas; one with a fan and one with a rosette.

Fold down the top 1.5 cm of a piece of wrapping paper. Continue to fold it in a 1.5 cm wide concertina fashion. For the fan, the piece of wrapping paper should be slightly wider than the actual gift and 18 cm long. For the rosette, the wrapping paper needs to be 5 x 28 cm.

Fold the paper, vertically, where you want the fan to fold. Attach double-sided adhesive tape as shown in the picture. For the rosette you will need to bend the concertina in the middle and assemble the ends with double-sided adhesive tape.

Attach the fan and the rosette to the top of the gift. Finish with a piece of cotton cord and a manilla tag.

Wrapping paper, W: 70 cm, 80 g, white, red, drum, 4m 190110

Paper bag, H: 21 cm, size 6x12 cm, white, red, drum, 8pcs, 80 g 25351
