Candy Canes made from Felt

Candy canes sewn from Vivi Gade Design Felt (from the Helsinki series) and stuffed with polyester stuffing.

01 Draw the pattern and cut out. Sew together, outer side against outer side. Cut small notches in the curve of the cane.

02 Turn inside out and stuff with polyester stuffing. Sew together with invisible stitches.

03 Sew on the ribbon with sewing thread and finally tie the bow.

Template

Design Felt, W: 45 cm, thickness 1,5 mm, 1m 22175
