## Romantic Cards – Life's Celebrations

Flowery textured pearlescent paper is glued onto the card as a pocket for a sign. Punched out flowers are attached with 3D foam pads. The card is decorated with organza ribbon and adhesive rhinestone half-pearls.

**01** Cut a piece of flowery textured pearlescent paper in the same width as the card x approx. 6cm. Attach organza ribbon onto the top edge of this piece of paper using double-sided adhesive tape.

**02** Stick this piece of paper onto the card using double-sided adhesive tape. Only attach the tape onto the bottom edge of the card and on the sides.

**03** Attach the punched out flowers with 3D foam pads.

**04** Attach a large adhesive rhinestone half-pearl onto the flower.

**05** Attach two different sizes of adhesive rhinestone half-pearls alternately onto the ribbon.

**06** Write or print out text onto a piece of off-white card and cut out.

**07** Punch a hole and tie a bow with organza ribbon.

**08** To and from cards are used for menu and place cards. Decorate following the same procedure.

**09** Decorate flowers for table decoration with adhesive rhinestone half-pearls and bend the petals slightly upwards.
