A Clown made from Corrugated Board

Clowns made from corrugated board, compressed cotton balls, pipe cleaners and tissue paper.

01 Draw a face on a compressed cotton ball using Colortime markers.

02 Make the body from a piece of rolled-up corrugated board. Use Dana super hobby glue to glue the body, the pipe cleaner arms and the head together.

03 Glue on the bow tie, buttons, hands and feet.

04 Double over a piece of tissue paper and push or scrunch it together around a flower stick.

05 Partly cut open the compressed tissue paper to make hair.

06 Glue the tissue paper onto the cotton ball for the clown's hair.

Corrugated Card, sheet 25x35 cm, 80 g, 15mixed sheets 21927

Compressed Cotton Ball, D: 50 mm, white, cotton, 4pcs 54049
