**01** Wrap the gift in Vivi Gade wrapping paper (the London series) which is also used for the rosette. For the rosette; cut either an 8 x 45cm or an 11 x 55 cm strip of paper. Fold this paper strip carefully in a concertina fashion.

**02** Bend the outer score line in the middle at both ends and glue it together.

**03** Gather the middle by attaching a glass deco stone on top, using a glue gun.

**04** Tie paper raffia around the gift. You may make a tassel at each end of the paper raffia. Glue the finished rosette onto the middle of the gift where the paper raffia crosses. Use a glue gun.
