

Hanging Decorations made from black Paper Star Strips

These hanging decorations are made from black gloss paper star strips. They are pushed into shape and assembled with an eyelet at each end. A leather cord for hanging is inserted through one of the eyelets.

01

Use the narrow strips in the pack. Use 2 strips measuring 12 cm, 2 strips measuring 9.5 cm and one strip measuring 8 cm. Make a hole at each end of the paper strips with the eyelet tool – you may make the holes in more than one strip at a time. A TIP: You may vary the look of the hanging decoration by using strips in

03

Assemble all the strips at the other end following steps 1 and 2, giving shape to the hanging decoration.

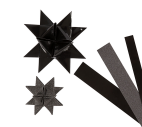

02

Assemble all the strips in one end by inserting an eyelet through all the holes at the same time. Turn them over and push the edges of the eyelet flat using the opposite end of the eyelet tool.

04

Attach a leather cord through one of the eyelets for hanging.
