A Silk Clay Figure on a coiled Spring with a Stand

All of these figures are modelled from Silk Clay directly onto a coiled spring on a stand.

Remove the protective layer from the foam pad at the end on which you wish to model the figure.

Use your imagination to model a Silk Clay figure. Hide the disc of the coiled spring as best you can.

Make a hole at the top with a pencil if you wish to use the figure as a pencil holder.

Push plastic eyes into the figure and make additional Silk Clay details. Leave to dry.

A TIP! Do not remove the protective layer on the foam pad at the opposite end until you have decided where to finally position it. For example on a table.

Spring, D: 3 cm, H: 5.5 cm, 20pcs 60818

Silk Clay®, light green, 40g 79108

Silk Clay®, pink, 40g 79109
