

A Bullet Journal used as a Diary

You can use a Bullet Journal for writing notes, making lists as well as using it as a diary. A Bullet Journal is used for giving an overview of what you are doing, what's going on but also for a relaxing moment in everyday life. Bullet Journal is abbreviated to Bujo.

Outline the squares with a black marker and a ruler. Colour in the areas that you wish to highlight.

Create an overview of the books you want to read and the films you want to watch. Decorate with masking tape and stickers.

A TIP: Use masking tape for making markers thus organising your bullet journal.
