

Vintage Hearts

Motifs which are carefully torn out of Vivi Gade Design Paper, the Skagen series, are then glued onto hand-made papier-mâché hearts. Flax twine and crocheted lace borders emphasize the romantic touch.

01

Tear the paper roughly in the same shape as the papier-mâché hearts.

02

Glue on the parts – layer on layer – with VTR adhesive. The lace border and the flax twine are used as a decorative bow or for hanging.
