Candle Holders painted with Metal Paint

White terracotta candle holders are painted on the inside with brown Plus Color and on the outside with Precious Metal Colour Paint. They are decorated with sequins and gold glitter.

01

Paint the inside of the candle holder with brown Plus Color (chocolate).

02

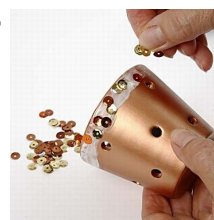

Now paint the exterior of the candle holders with bronze Precious Metal Colour Paint.

03

Apply Dana Super Hobby Glue along the edge.

04

Put the sequins into the glue.

05

Sprinkle with gold glitter in the spaces between the sequins.
