

Cup Cake Pictures

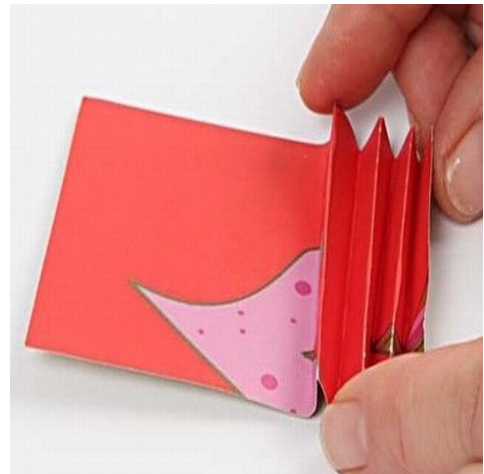

Lovely cup cake pictures on papier-mâché icon plates painted with A-color matt acrylic paint. The cakes are made from folded Vivi Gade paper and the Pigment Structure Paste is the butter cream on top. Yum!☺

1

Paint the icon plate with A-color matt acrylic paint.

2

Make concertina folds from the Vivi Gade paper and glue onto the icon plate with a glue gun.

3

Put a small amount of Pigment Structure Paste in a plastic bag. Press down in a corner of the bag and cut a small hole in the tip of the bag. Now you can squeeze out the structure paste, so it resembles butter cream or whipped cream. Add some decoration to the cake made from Silk Clay.
