

## Notebooks with Collage

These lovely, little books are painted with Plus Color Craft paint and decorated with Color Bar paper which is torn, cut and glued onto the front cover with a glue stick. Small drawings and pictures may be added at the end.

**1**

Paint the notebook with Plus Color Craft paint (may be omitted).

**2**

Tear pieces of Color Bar paper and glue it on with special double-sided adhesive tape or a glue stick. You may keep the colours in the same shade and experiment with the various printed patterns on the front and back of the paper.

You may add small pictures or drawings.  
If the book will be used a lot, you may  
strengthen the surface with matt or glossy  
decoupage lacquer.
