

A festive Christmas-themed still life composition. In the upper left, a wreath made of pinecones and dried moss is adorned with a large cream ribbon bow and several white paper cutouts of stars, a heart, and a Christmas tree. To its right is a red gift box wrapped in a cream ribbon, featuring a small green and red Christmas tree sticker. Below the wreath are two red Christmas ornaments, one of which has '2015' written on it. In the center, a small white card with a string of colorful lights is partially visible. To its right is a brown card with the text 'Merry Christmas' and a drawing of a reindeer. A white ceramic cup filled with a light brown beverage sits on the right. In the foreground, there are two white markers with red caps, one labeled 'Creative marker'. Scattered around are various holiday-themed items: a white paper cutout of a polar bear, a white paper cutout of a reindeer, a green holly leaf with red berries, a round cookie decorated with red and yellow, and several round cookies. A small glass jar with a red heart and the word 'Love' is also visible. The entire scene is set against a light-colored, textured background with some green pine branches scattered around.
